Recommendations from Curriculum Review Committee

Academic Year: 2022-23

B.Sc. CBZ

Date: 09/03/2023

Feedback from stakeholders has been received on the curriculum in order to enhance it and make it more in align with the requirement of Industry, academia, and society. Based on comments and suggestions, the CRC proposed the following recommendation:

S.NO.	Recommendations From CRC
1.	The Majority of the faculty members appeared to be satisfied with the course curriculum and only few changes in the syllabus were recommended.
2.	All faculty members recommended implementing curriculum standardization for the B.Sc. CBZ program in accordance with the National Education Policy (NEP).
3.	According to the recommendations of NEP 2020, a few topics are proposed to be included in the Environment Science course (TBLS-204).
4.	The faculty members recommended enhancing the syllabus by incorporating an additional subject into the curriculum, along with the inclusion of practical lab work (Plant Ecology and Taxonomy Lab PBLs-201)
5.	Some relevant changes were recommended in syllabus of Green Chemistry (TBLS-602) by the faculty.
6.	Based on the faculty's suggestions, certain deletions are necessary in the following subject in order to refine the curriculum of Cell and Molecular Biology (TBLS-501), Analytical Techniques in Plant Sciences (TBLS – 601(1)), Bioinformatics (TBLS – 601(2)).
7.	Significant changes and modifications were suggested in the subject of Microbes, Algae, Fungi and Archegoniate (TBLS – 101) and Plant Ecology and Taxonomy (TBLS – 201) to enhance the effectiveness of the syllabus.

Chemistry Discipline

As per recommendation of Stake holders, the following action were taken to resolve the suggestions made by the stake holders.

Action Taken

S. No.	Recommendations	Action Taken
	Standardization for the curriculum of B.Sc. CBZ Chemistry as per NEP.	The curriculum framework was developed in accordance with the recommendations outlined in NEP 2020.
1	The faculty members recommended the inclusion of certain topics in the Environment Science course (TBLS-204).	Topics were added in the curriculum of Environmental Science.
2	Faculty suggested upgradation in syllabus of Plant Ecology and Taxonomy Lab PBLs-201.	Suggestions were incorporated
3	Modifications were suggested for the Green Chemistry (TBLS-602(1)).	Suggested changes were added in the curriculum.
4	Major changes were suggested in the subject of Microbes, Algae, Fungi and Archegoniate (TBLS-101) and Plant Ecology and Taxonomy (TBLS-201).	Major changes were incorporated in the curriculum.
5	Some alterations were recommended by the faculty in subject of Cell and Molecular Biology (TBLS -501), Analytical Techniques in Plant Sciences (TBLS - 601(1)), Bioinformatics TBLS - 601(2).	Topics were deleted as per suggestion.

Action Taken Report (Session 2022-23)

A meeting was held at the end of session 2022-2023 to analyze feedback taken from students of B.Sc. CBZ, Faculties, regarding course curriculum. The meeting was attended by Dr. Vikas Rana (Academic Expert), Dr. Amit Kotiyal, Dr. Ajay Singh (Dean, SALS) and faculties of department in order to discuss action to be taken on the basis of feedback received.

After thorough discussions and feedback from both even and odd semesters, the faculty members and academic experts proposed several changes to the B.Sc. CBZ curriculum to improve students' skills in various domains. It is worth noting that students and alumni expressed satisfaction with the curriculum and did not suggest any further modifications.
